WAKE UP.

If you wake up in the morning with a bitter or bad taste in your mouth, Languor, Dull Headache, Despondency, Constipation, take Simmons Liver Regulator. It corrects the bilious stomach, sweetens the breath and cleanses the furred tongue. Children as well as adults sometimes eat something that does not digest well, producing Sour Stomach, Heartburn, Restlessness, or Sleeplessness—a good dose of Regulator will give relief. So perfectly harmless is this remedy that it can be taken by the youngest infant or the most delicate person without injury, no matter what the condition of the system may be. It can do no harm if it does no good, but its reputation for 40 years proves it never fails in doing good.

PROMPT ATTENTION GIVEN TO COLLECTIONS

An alfalfa grower in the Salt river
valley is about to write a book entitled
"What shall we do with it?"

STATEHOOD for New Mexico means
statehood for Arizona. By barking
incessantly at the heels of congress it
will eventually take us in to get rid of us.

SENATOR PERKINS and Senator Cam-
eron, both Republicans, spoke yester-
day in favor of the free coinage of the
American silver product. These
gentlemen are at least consistent in
their belief that protection is good for
silver if it is for iron and steel.

"ARIZONA" is the name of an at-
tractive 4-page paper issued by Tom
Sorin, World's Fair commissioner in
charge of Arizona's mineral exhibit
at Chicago. It is filled with truths
regarding our territory and can not
but be of great benefit to us. Mr.
Sorin has taken odd hours to write up
our territory, has set the type himself
and gets the little paper printed on a
press in an adjacent building, which
is run all of the time turning out
Arizonas by the tens of thousands per
day, which are distributed free right
from the forms as a sample of the
work that can be done by this par-
ticular press. In this manner Ariz-
ona is receiving an advertising that
will be world wide. The conception
of this brilliant idea is due to the
longsightedness of the World's Fair
commissioners in pushing to the front
a practical newspaper man to manage
its exhibit at Chicago.

Among the incidents of childhood
that stand out in bold relief, as our
memory reverts to the days when we
were young, none are more prominent
than severe sickness. The young
mother vividly remembers that it was
Chamberlain's Cough Remedy that
cured her of croup, and in turn ad-
ministers it to her offspring and al-
ways with the best results. For sale
by druggists.

KNOWLEDGE

Brings comfort and improvement and
tends to personal enjoyment when
rightly used. The many who live bet-
ter than others and enjoy life more, with
less expenditure, by more promptly
adopting the world's best products to
the needs of physical being, will attest
the value to health of the pure liquid
laxative principles embraced in the
remedy, Syrup of Figs.
Its excellence is due to its presenting
in the form most acceptable and pleas-
ant to the taste, the refreshing and truly
beneficial properties of a perfect laxa-
tive; effectually cleansing the system,
dispelling colds, headaches and fevers
and permanently curing constipation.
It has given satisfaction to millions and
met with the approval of the medical
profession, because it acts on the Kid-
neys, Liver and Bowels without weak-
ening them and it is perfectly free from
every objectionable substance.
Syrup of Figs is for sale by all drug-
gists in 50c and \$1 bottles, but it is man-
ufactured by the California Fig Syrup
Co. only, whose name is printed on every
package, also the name, Syrup of Figs,
and being well informed, you will not
accept any substitute if offered.

\$59.70.

That is all the money it takes
to buy a round trip ticket,
good for thirty days from
Fairbank to Chicago and re-
turn. For further particu-
lars call on

RALPH SMITH, Act'g Ag't.

Tombstone.

Choice line of cigars at

WOLCOTT'S

NOTABLES, LIVING AND DEAD.

When Gen. Grant visited Siam he
was recorded greater honors than had
ever been shown a foreigner from any
country.

EX-VICE PRESIDENT MORTON denies
the story that he intends to make Paris
his future home. New York is good
enough for him.

MR. JOHNSON'S wife went to the inn
after him if he staid too long and
brought him home, tongue-lashing him
all the way.

ADMIRAL HEMANN, the French naval
commander at Bangkok, was at one
time in command of the Newfound-
land squadron.

ENGLISH COURT SOCIETY is startled be-
cause the prince of Wales' wedding
gift to Miss Laura Gurney took the un-
usual form of a bank check in lieu of a
piece of jewelry or plate.

LIEUT. CHARLES A. L. TOTTER, whose
career as professor of military science
and tactics at Yale university under a
special detail by the United States
government was recently terminated,
has decided to make New Haven his
permanent residence.

PEOPLE OF DISTINCTION.

COURT DE LESSERS is a cousin of Em-
press Eugenie.

DR. LAKING, knighted the other day
by the queen, is the official "surgeon
apothecary" to her majesty and the
regular attendant to the Wales family.

COL. JAMES CLAY, of Bourbon county,
Ky., is assessed in his own name for
4,295 acres, a tract exceeded in extent
by few upon which a single owner pays
taxes.

DAVID S. MUZZEY, of Lexington,
Mass., who graduated this year from
Harvard with honors, has been ap-
pointed professor of mathematics at
Roberts college, Constantinople.

THE centenary of Claude Chappe, the
inventor of the semaphore system of
signaling, has just been celebrated in
Paris by the unveiling of a statue to
his memory in the Boulevard St. Ger-
main.

"THE most famous squatter king of
Australia, Sir William Clarke, stands
second on the list of colonial million-
aires. He is a generous philanthropist
and an intelligent patron of art and
sport. At home he dresses like a casual
dock laborer.

THE FASHIONS.

AMONG the new felt hats are sailors
of broad brim and low crown.

DEBBY gloves of chamois have the
biggest of red buttons and are bound
in red.

PARIS is advocating flesh-colored
suede gloves for evening wear in place
of the pure white so long worn.

A SLEEVE which is stamped with the
approval of Felix is made of frills of
three-inch lace from the shoulder to
the waist.

IT is now quite the fashion to make
up the pretty semi-diaphanous mus-
lins and French lawns over light founda-
tions of ballet or satin.

PRETTY clusters of horsetrust
blossoms appear upon coral colored
round hats of "nutmeg" braid, trimmed
with russet brown velvet ribbon.

SPANISH yellow velvet ribbon is a
fashionable trimming for cream tinted
nuns' veilings, crepons, clarettes and
similar sheer wool fabrics for young
ladies' wear.

THE WORLD OF LONDON.

IN 1847 all London houses were com-
pelled for the first time to connect with
sewers.

THE population of London, it is re-
ported, increases at the rate of 300 per-
sons per day.

A ROOM in the house of L. W. Palmer,
of London, is entirely papered with
about seventy thousand canceled post-
age stamps.

THE city of London drinks every
year 45,000,000 gallons of malt liquor,
8,000,000 gallons of wine and 1,500,000
gallons of spirits.

FOR two hundred years the paper
from which Bank of England notes are
made has been manufactured at Laver-
stock in Hampshire.

TWELVE HUNDRED beds at a penny a
night each are offered to London's
homeless poor in a new Salvation Army
shelter, erected on the banks of the
Thames, near Blackfriars' bridge.

FROM UNDER THE GROUND.

IN the production of iron ore Michi-
gan ranks first. Her product is nearly
one-half the total of the entire country.

IT is stated that work at Iron Moun-
tain, Mo., which has been going on for
fifty years, is now suspended and that
the deposit of ore is practically ex-
hausted.

THE largest gold nuggets found in
Australia were the "Welcome," 2,020
ounces, and the "Stranger," 2,250
ounces, valued respectively at \$8,350
and \$9,400.

THE most extensive and celebrated
salt mine in the world is at Wieliczka,
nine miles from Cracow, in Galicia, a
province of Austria-Hungary. It has
been worked continuously for six hun-
dred years. The mass of salt is calcu-
lated to be five hundred miles long,
twenty miles broad and twelve hun-
dred feet thick.

NEWS BY WIRE.

Senator Cameron of Pennsylvania
made a speech in the senate yesterday
against the unconditional repeal of
the Sherman bill.

The government of Brazil has ap-
propriated \$3,000,000, it is said, for
the purchase of a cruiser from the
United States.

Government officers generally have
been instructed not to enforce the
Geary law until further notice. Great
interest was manifested in the house
when this communication was re-
ceived.

Andrew Carnegie declined to be in-
terviewed in regard to Thomas
Wynne, who died after being thrown
out of a restaurant at Sacramento
yesterday, claiming to be a relative of
Carnegie.

Operations have been resumed at
the Buquer Hill and Sullivan mines
in the Coeur d'Alenes, under the
terms offered by the company—\$3.50
per day for miners and \$3 for car men
and shovelers.

The sensational Gilmour case took
a new turn yesterday when a mar-
riage contract between Dr. West and
Annie Staley, who the police say was
West's accomplice in the murder of
Miss Gilmour, was recorded.

Senator Faulkner has introduced a
bill providing for the admission of the
territory of New Mexico as a state.
The bill provides that a constitutional
convention is to be held at Santa Fe
on the first Monday in December,
1894.

Judge Ross ordered the deportation
of five Chinamen, four of them from
Fresno. The Fresno Chinese were
highlanders and every effort was
made to prevent their being ordered
deported by the attorneys of the Six
Companies, but in vain.

The sheriff's posse which left Flag-
staff last Friday in pursuit of two men
who held up a ranchman at the tun-
nel west of Williams on the 15th inst.,
came up with the men yesterday. The
desperadoes resisted and a fight en-
sued, in which the desperadoes were
killed.

Thos. Wynne, brother-in-law of An-
drew Carnegie, was struck on the
head with a club by John Garcia, a
restaurant waiter in Sacramento.
Wynne's skull was fractured and he
died later. Wynne had refused to
pay for a meal and when ejected from
the restaurant, attempted to break in
the door when Garcia struck him.

The rebel fleet which has so long
been blockading the harbor of Rio de
Janeiro bombarded the city yesterday
under General Mello's order. The
firing was very severe and the damage
done exceeds that of the first bom-
bardment. Several women and child-
ren were killed, but the extent of the
damage and the loss of life are not
yet known, as no news is permitted
by the government to be sent direct
from Rio de Janeiro.

PUBLIC NOTICE.

The following circular has been for-
warded to the corporations and other
bodies empowered to appoint dele-
gates:

From the enclosed proclamation you will
observe that an International Irrigation
Congress is to be convened at Los Angeles California on
October 20th 1893 and to remain in session for
five days.

By the resolution calling such Congress to-
gether, all states and territories are entitled to
two delegates from each congressional district
and four delegates at large, these to be appoint-
ed by the Governor. In addition each Prolet-
Court, each University or College where irri-
gation engineering is taught, and each Chamber
of Commerce has the power to appoint two dele-
gates. The Mayor of each incorporated city having
2,500 or more population and the Chief of each
State Agricultural or other Industrial School
are entitled to seats with power to select sub-
stitutes.

You are aware of the importance of this
gathering. It is the first time that the National
Government has officially recognized such a
body, and the first time that representatives of
foreign governments interested in the subject of
irrigation have been invited to have representa-
tives present.

No section of the great arid region is more
interested in the deliberations than Arizona.
I would therefore respectfully and earnestly
urge you to appoint the number of delegates to
which you are entitled and to select men who
can attend and who are best qualified to deal
with the important questions which may arise.

Yours Truly,

L. C. HUGHES,

Governor of Arizona.

Only the Scars Remain.

"Among the many testimonials which I
see in regard to certain medicines perform-
ing cures, cleansing the blood, etc.," writes
HENRY HUDSON, of the James Smith
Woolen Machinery Co.,
Philadelphia, Pa., "none
impress me more than my
own case. Twenty years
ago, at the age of 18 years,
I had swellings come on
my legs, which broke and
became running sores.
Our family physician could
do me no good, and it was
feared that the bones
would be affected. At last,
my good old mother
urged me to try Ayer's
Sarsaparilla. I took three
bottles, the sores healed,
and I have not been
troubled since. Only the
scars remain, and the
memory of the past, to
rouse me of the good
Ayer's Sarsaparilla has done me. I now
weigh two hundred and twenty pounds, and
am in the best of health. I have been on the
road for the past twelve years, have noticed
Ayer's Sarsaparilla advertised in all parts
of the United States, and always take pleasure
in telling what good it did for me."

Ayer's Sarsaparilla has done me. I now
weigh two hundred and twenty pounds, and
am in the best of health. I have been on the
road for the past twelve years, have noticed
Ayer's Sarsaparilla advertised in all parts
of the United States, and always take pleasure
in telling what good it did for me."

For the cure of all diseases originating in
impure blood, the best remedy is

AYER'S Sarsaparilla

Prepared by Dr. J. C. Ayer & Co., Lowell, Mass.

Cures others, will cure you

ST. MATTHEW'S

SCHOOL FOR BOYS

SAN MATEO, CALIFORNIA.

FOUNDED IN 1866.

A first-class school for boys of from 8
to 15 years of age, thoroughly fitting them
for the best colleges and universities, or
